ATTORNEYS AT LAW

WELCOME TO THE CONFERENCE CENTER AT POST & SCHELL

Consider this publication a user's guide to a part of our law firm that is crucial to our ability to provide consistently outstanding, state-of-the-art client service. To some, our workspace may appear less traditional with its smaller attorney offices and larger lawyer-client conference and meeting facilities. This was by design, and the result is a highly efficient facility that delivers the environment, amenities and business tools necessary to meet the diverse and complex needs of our clients. We recognize that little things make a big difference and we have worked very hard to make sure that the Conference Center works, down to the finest detail. The art and sculpture from our distinctive collection inspired the colorful design.

You can be assured of a productive and comfortable business experience each time you visit the Client Conference Center at Post & Schell.

THE CONFERENCE CENTER AT POST & SCHELL

“A NEW STANDARD IN CLIENT SERVICE”

ABOUT THE CONFERENCE CENTER

The very best consultants advised us on the design, amenities and technology for the Post & Schell Conference Center at our new Center City Philadelphia offices: our Clients. We were fortunate to be starting with a large blank canvas; empty walls, floors and hallways. With candid and creative input from Clients (and the assistance of a renowned team of architects and interior designers), that canvas has been transformed into a remarkably functional, highly flexible, technologically sophisticated, and extraordinarily comfortable space. Since our Clients are also our business partners, we are especially grateful to them for their assistance in helping to create the Conference Center at Post & Schell.

The attorneys of Post & Schell are proud to present an efficient, client-focused environment that offers numerous business and hospitality amenities, including:

- WI-FI access throughout the Center
- Video and telephone conferencing
- Streaming video
- Multi-purpose conference rooms
- Private full-service work stations
- In-house concierge service
- In-house catering
- In-house business center services

We invite you to see what we have accomplished and learn more about what makes every square foot of the Post & Schell Conference Center so special. For further information, please contact us at 215.587.1000.

POST & SCHELL
ATTORNEYS AT LAW

“In business, time management means everything. The Conference Center is client friendly in every way, but more important, it is a huge time saver. I feel like it’s my office away from the office when I’m there on a legal matter.”

C.E.O. of a national health system

"I make great use of the Conference Center and I haven't even been there. I regularly participate in video conferences and training using streaming video from the comfort of my own office hundreds of miles away. That's what I call a value added."

General Counsel of a multi-national corporation

A WELL-ORCHESTRATED PLACE TO CONDUCT BUSINESS

We know how much you value your time, your time in and out of the office. And we know that when you are in our offices, you want to spend your time as efficiently as possible. Self-contained on one floor and featuring 11 conference rooms, including full-time concierge service and communications master control room, the multi-function, high-technology Conference Center was designed and constructed to meet every conceivable client need.

From an attorney-client conference in a private caucus room, to staff training for an entire HR department using streaming video connecting multiple locations, or a working dinner for dozens of directors, the Conference Center offers the business support you need, when you need it.
